Others playing their own compositions were Geraldine Horton, Adolph Hayden and Marjorie Swartz. Alberta McMonies transposed correctly an exercise to any key requested. Navy Pears Oil Shortage.
WASHINGTON, May 29.—The seriousness with which naval officials view the threatened loss to the navy of the California oil reserve fields through enactment of legislation legalizing certain entries on the lands, was reflected in the announcement by Rear Admiral Griffin, acting secretary of the navy, that a special board of officers had been appointed to study the question of oil resources in the United States with particular attention to the present and future supply available for naval fuel.

Admiral Griffin said it would be unwise, if not impossible, to continue modern construction work of naval craft unless it was positively assured that there was an adequate oil supply for present use and a vast reserve for the future.

The legislation against which the navy department protests is a bill by Senator Phelan, of California, which has been approved by the senate lands committee. It relates particularly to Naval Petroleum Reserve No. 2 in California.

Divorce Rules Stronger.
SARATOGA SPRINGS, N. Y., May 30.—A Methodist minister who officiates at the marriage of a divorced person in violation of the rules of the church is guilty of an act of maladministration and may be compelled to answer charges before his conference, according to an amendment to the discipline by the general conference. The church has always recognized only one ground for divorce and has permitted remarriage only of the innocent party, but no penalty has ever existed.

For the requirements of the foreign mission field, according to a report which was adopted by a rising vote, the income of the board of foreign missions and of the woman's foreign missionary society from regular sources must be doubled, in addition to the maintenance of special gifts at not less than the present amount.

40,000 March in Parade.
BOSTON, May 30.—Boston sentiment for national preparedness found expression Saturday in the greatest street demonstration that this city ever has witnessed.

Forty thousand men and women, by actual count, marched under the American colors over a route of three miles while perhaps a half million others applauded the paraders.

Virtually every phase of the city's official and civil life, commercial, professional and social, was represented. Patriotic societies, social and business clubs, churches, colleges and schools had contingents in line.

Of the marchers 5000 were women, notably among the latter being members of the special aid society for American preparedness and several associations of nurses. Several nearby cities sent their mayors and other official representatives.

\$10,000,000 Suit stands.
NEW YORK, May 30.—William Guggenheim has won the first round in his legal fight to recover \$10,000,000 from his brothers, Isaac, Daniel, Murray, Solomon and Simon, when Justice Benedict, of the supreme court denied a motion of the defendants to have the case dismissed.

Be sure to get Hood's, because it is the best. There is no other combination of roots, herbs and herbs like it—no real substitute for it—no "just-as-good" medicine.
